

Thanksgiving Day Next!

America's big "feast day," Thanksgiving, is just around the corner, and every good housekeeper is making preparations for the "home coming."

Are your rooms in order?

How about the chairs for the dining room?

Have the floor coverings outlived their usefulness?

Is the guest room ready?

Do you need lace at your windows?

Does the china closet need replenishing?

How about a new stove that will roast the turkey to a turn? So, perhaps, some new aluminum or steel white enamel ware cooking utensils?

Or perhaps it's a few good bed blankets or comfortables.

The big modern store of R. C. REYNOLDS is splendidly ready to supply your needs and guarantee a saving.

And, if your cash is busy, you are invited to take advantage of our Distributed Payment Plan, which means a small cash payment at time of selection and arrangements can then be made whereby balance of bill will be liquidated in small amounts—spared from your pay envelope weekly or monthly, or as best suits your convenience.

It's an easy and accommodating way of making your home comfortable and happy for the long winter months ahead and the payments can be paid so small that you hardly realize that you have parted with real money in the purchase. TRY IT!

WAR TIME NERVOUSNESS

In these war times many people are living in an unnatural condition of nervous excitement. Unless something is done to correct it the inevitable result will be a nervous breakdown, an exhaustion of nervous energy that may take a very serious and unforeseen turn.

Neurasthenia is one such result with its accompaniment of worry, irritability, oversensitiveness and severe headaches. It means that the patient has lost the power to recover and store up energy. The condition will grow worse if not corrected.

The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic. As the nerves get their nourishment from the blood the treatment must be directed towards building up the blood. Dr. Williams' Pink Pills act directly on the blood and have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Two useful books, "Diseases of the Nervous System" and "What to Eat and How to Eat" will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.
